

Self-Screening Process

We appreciate your support and partnership as we make sure our students continue to have a safe and positive learning environment. Each day before you send your child to school, we are asking you to take part in a “screening” process for your child. This screening is for the protection of your child, their friends at school and our dedicated UCS team.

COVID-19 Student Self-Screening Form

Screen your child before leaving for school or sending them to school. If your child shows symptoms of COVID-19, DO NOT SEND THEM TO SCHOOL.

Section 1: In the last 24 hours, has your child developed any of the following symptoms that are new/different/worse from baseline of any chronic illness:

Cough, Shortness of Breath, Difficulty breathing, New loss of smell, New loss of taste

Section 2: In the last 24 hours, has your child developed any of the following symptoms that are new/different/worse from baseline of any chronic illness:

Subjective fever (felt feverish) or measured temperature 100.4 degrees Fahrenheit or higher

Chills or rigors (severe chills with shivering), Headache, Sore throat, Muscle aches, Nausea,

Vomiting, Diarrhea, Runny nose or congestion, Fatigue

If you answer **YES** to any one of the symptoms listed in **Section 1**, or **YES** to two or more of the symptoms listed in **Section 2**, please DO NOT send your child to school. Self-isolate at home and contact your healthcare provider for direction and a PCR Covid-19 test.

If the symptomatic individual does not have recent history of close contact with a positive COVID-19 case, return-to-school **now requires** either a negative COVID-19 PCR test result (rapid tests are no longer accepted), or a note from a qualifying physician that the symptoms are not COVID-19 related.

We need you to call the school office and report that your child is staying home due to COVID-19 symptoms.

Thank you for continuing to keep our students and staff safe.

Working together, we can continue to move forward to our goal of having all students returning for in-person services in our schools.
